DIAM

A nighttime photograph of a modern architectural complex. The central focus is a large, curved building with a metallic, ribbed facade. On its upper section, the word "DIAM" is illuminated in a bright, glowing, stylized font, enclosed within a circular light pattern. Below this, a series of large glass windows reveals the interior of the building, which appears to be a multi-level structure with a modern design. To the left of the main building, there is a smaller, rustic stone building with a tiled roof and a simple doorway. The foreground is dominated by a wide, light-colored gravel path that leads towards the entrance. Several large, mature trees are scattered throughout the scene, their silhouettes and foliage partially illuminated by the building's lights. To the right, a series of tall, vertical, orange-colored cylindrical structures are lit from within, casting a warm glow. The overall atmosphere is one of modern elegance and sophisticated design.
